Forecast for Thursday 25 Mar 2021

Weather: A cloudy morning with occasional rain, most persistent from Assynt to Glen Affric, falling as snow above 700m rising to 900m. Somewhat brighter in the afternoon and early evening with a few sunny intervals but with some heavy showers passing through, these still of snow on the Munro tops. Heavier persistent rain from late evening.

Chance of cloud free mountain/hill tops above 800m: 10% until late morning then 50% in afternoon and falling to 10% in the evening.

Visibility: Moderate, perhaps poor in the morning. General visibility then improving by the afternoon but heavier showers will bring poor visibility at times. Cloud: Layered around 400-600m with lower patches at first with very poor summit visibility, then becoming slightly more broken bases generally rising 750-900m with a few patches to 500m near showers. Bases falling in the west in the evening.
